

CSCA NEWS

The CSCA News is a student newsletter that publishes one issue per term, for a grand total of nine issues per year! The articles and recipes are written by students and instructors. The CSCA News contains interviews, recipes, current industry trends, culinary experiences, book reviews and information about school events and student issues. All students are encouraged to contribute to the CSCA News. Monthly meetings are held to discuss future issues. Back issues are available at www.lrcpasadena.com & in the LRC.
